

Malvern CI celebrates Experiential Learning Week by focusing on the Not-for-Profit Sector

Malvern CI in Toronto is offering a SHSM (Specialist High Skills Major) in the **Not-for-Profit** sector.

The kick-off event,
Careers in the Not-for-Profit Sector
was held during Experiential Learning Week on
November 22nd.

Grade 10 and 11 students heard from 9 different participating organizations: Goodwill Industries, Right To Play, TIFF Bell Lightbox, Toronto Botanical Gardens, World Vision, The Learning Partnership, Habitat for Humanity, Warden Woods Community Centre and Evergreen Brickworks Foundation.

Right To Play presented an energizing and informative key note presentation about the beginnings of the organization and what it has become today.

Malvern students were very receptive to the presentations and gave the day a "thumbs up". They are now ready to explore more careers in this varied and worthwhile sector.
